Vishwanath Nishad

Backend Engineer | Node.js, Python, PostgreSQL

+91 9876543210 · India · vishwanath.nishad@gmail.com · linkedin.com/in/vishwanath-nishad · github.com/vishu1803

Professional Summary

Backend engineer experienced in developing RESTful APIs and backend services using Node.js and Python. Designed relational database schemas and managed migrations utilizing PostgreSQL and Prisma ORM alongside secure authentication and role-based access control. Engineered automated code analysis workflows using FastAPI and Git integration to evaluate pull requests against validation rules.

Technical Skills

Backend & APIs: Node.js, FastAPI, Flask
Databases & ORMs: PostgreSQL, Redis
Languages: Python, TypeScript, JavaScript
Cloud, DevOps & Systems: Docker, Git

Technical Projects

Collaborative Task Manager **GitHub**

A full-stack task management web application with role-based access control and real-time collaboration.

TypeScript, Prisma ORM, PostgreSQL, Node.js

- Built a task management platform with role-based access control and secure authentication using Node.js and TypeScript.
- Designed relational database schemas and executed structured migrations utilizing PostgreSQL and Prisma ORM.
- Implemented RESTful endpoints to enable real-time collaboration features across multi-user task workflows.

AI-Powered Code Review Assistant **GitHub**

An automated code review developer tool using Python and FastAPI to analyze source code quality.

Python, FastAPI, Flask, Git

- Engineered automated code analysis tool using Python, FastAPI, and Flask to analyze pull requests.
- Implemented rule-based validation to detect anti-patterns, code smells, and syntax issues.
- Configured Git integration to post automated review feedback on code changes.

Professional Experience

Full Stack Developer Intern — FTV Saloon Jun 2024 – Sep 2024

Remote | Internship

- Developed RESTful APIs and backend services using Node.js.
- Implemented database queries and data validation for customer workflows.
- Collaborated with engineering team to test endpoints and fix regression bugs.

Education

B.Tech in Electronics Engineering Aug 2021 – Jun 2025

Rajkiya Engineering College (REC), Sonbhadra | Sonbhadra, India

Grade: 7.5 CGPA
